

# The Future of **EDUCATION** Summit

**GLADSTONE**

The Future Of Education Summit Gladstone 2026 is a professional learning conference for regional educators looking to create future focused learning experiences for their students. Bringing together teachers, school leaders, industry innovators, and community changemakers, the Summit will showcase innovative approaches to teaching and learning while providing practical tools to prepare students for an ever changing future.

Throughout the day, attendees will hear from inspiring keynote speakers, take part in hands-on workshops, and join collaborative discussions with peers. With a strong focus on regional strengths, school-industry partnerships, and future-focused teaching strategies, the Summit is your opportunity to gain fresh ideas, build valuable connections, and leave with actionable insights you can apply in your school community.
